GROWING A BUSINESS

Simon & Schuster. Paperback. Book Condition: New. Paperback. 256 pages. Dimensions: 8.4in. x 5.5in. x 0.7in. Nearly everyone harbors a secret dream of starting or owning a business. In fact, 1, 000, 000 businesses start in the United States every year. Many of them fail, but enough succeed so that small businesses are now adding millions of jobs to the economy at the same time that the Fortune 500 companies are actually losing jobs. Paul Hawken -- entrepreneur and best-selling author -- wrote *Growing a Business* for those who set out to make their dream a reality. He knows what hes talking about; he is his own best example of success. In the early 1970s, while he was still in his twenties, he founded Erewhon, the largest distributor of natural foods. More recently, he founded and still runs Smith and Hawken, the premier mail-order garden tool company. And he wrote a critically acclaimed book called *The Next Economy* about the future of the economy. Using examples like Patagonia, Ben and Jerrys Homemade Ice Cream, and University National Bank of Palo Alto, California, Hawken shows that the successful business is an expression of an individual person. The most successful business, your idea for a business, will grow from something that is deep within you, something that cant be stolen by anyone because it is so uniquely yours that anyone else who tried to execute your idea would fail. He dispels the myth of the risk-taking entrepreneur. The purpose of business, he points out, is not to take risks but rather to get something done. This item ships from multiple locations.
