Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The Roman poet Horace once said, A picture is a poem without words. Then why do so many authors ignore the power of graphics in their CreateSpace books? Perhaps they re intimidated by what they ve read on the Internet. Many websites claim that authors require costly graphics and conversion software to publish print-on-demand books. The same websites say Microsoft Word can t generate a CreateSpace-compatible PDF. CreateSpace Graphics Primer clears the confusion and shows you-with real-world images-that it s not difficult or expensive to create a graphic novel, manga comic, or children s picture book. You ll learn: why forty pages is the optimum length for a 6 x 9 full-color book how incorrect pricing of that book can siphon away your royalties how to calculate maximum image size . and more. CreateSpace Graphics Primer will help you create a masterpiece you re proud to publish.
